## UPGRADE TO ALL PLYWOOD\* CONSTRUCTION

The All Plywood Construction upgrade is easy to understand.

- Component thicknesses (sides, back, top, bottom, shelving and toekick) are identical to those in Standard Construction, but are **made of plywood**.
- Corner braces are replaced with plywood stretcher rails.
- Drawer box sides, front and back are made of solid wood.

\*All plywood components meet ANSI/HPVA HP-1 standards, and may contain MDF or particleboard.

# QUALITY MADE AFFORDABLE

For good-looking, long lasting cabinets that easily fit within your budget, there's only one choice. Whether designing a kitchen, bath or laundry room, Contractor's Choice has it all – quality craftsmanship, appealing design, and affordability – all backed by a 1-year warranty.

MasterBrand Cabinets' sound environmental management and sustainable manufacturing practices have been approved by the Kitchen Cabinet Manufacturers Association to meet the requirements of the KCMA Environmental Stewardship Program ESP (Jan. 2006).

Contractor's Choice cabinetry complies with Phase I and Phase II emissions standards of the California Air Resources (CARB) Airborne Toxic Control Measure (ATCM) - Title 17. California Code of Regulations Section 93120.

Contractor's Choice cabinetry is also eligible for points as a KCMA ESP 01 qualifying product according to the NAHB Green Building Standard (ICC 700-2008) in section 901.10 Cabinets.

# DOOR STYLES AND FINISHES

## BOWMAN

- Partial overlay
- Flat veneer center panel
- Slab drawer front

### BIRCH

### PAINT

## CHESNEY

- Partial overlay
- Raised veneer center panel
- Slab drawer front

### BIRCH

### PAINT

## MALDEN

- Full overlay
- Flat veneer center panel
- Slab drawer front

### BIRCH

### PAINT

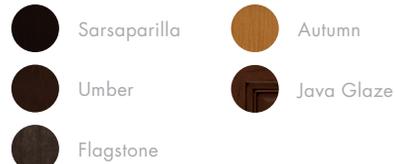

## HINSDALE II

- Full overlay
- Raised veneer center panel
- 5-Piece drawer front

### MAPLE

### PAINT

Door frames are constructed from select hardwood.

\*When Bowman, Malden, or Hinsdale II is ordered with a painted finish, the center door panel will be constructed of Medium Density Fiberboard (MDF). MDF provides a smoother finish when painted and is more resistant to warping, expansion and contraction.

# ALL-PLYWOOD CONSTRUCTION

## WALL CABINETS

- 1/2" Plywood top and bottom
- 3/4" Plywood adjustable shelves (15 lbs. maximum weight/sq. ft.)
- 3/4" x 1 1/2" Solid wood face frame
- 3/8" Plywood sides and back
- Cabinet interior features natural maple laminate
- Matching laminate exterior
- Fully concealed, 6-way adjustable, integrated cup hinge with Smart Stop™ self-closing feature
- Butt doors on cabinets 27" – 36" wide

## BASE CABINETS

- Two plywood stretcher rails
- 3/8" Plywood back, bottom and sides
- 3/4" x 1 1/2" Solid wood face frame
- 3/4" Half-depth plywood shelf
- 3/8" x 4" High plywood recessed toe kick (recessed 3 3/8" deep)
- Recessed toe kick is unfinished plywood and requires toe kick cover
- Cabinet interior features natural maple laminate
- Matching laminate exterior
- Fully concealed, 6-way adjustable, integrated cup hinge with Smart Stop self-closing feature
- Butt doors on cabinets 27" – 36" wide

## DRAWERS

- 3/4" Nominal thick wood dovetailed drawer sides, front and back with clear topcoat
- 1/4" Thick plywood drawer bottom, fully captured for added strength and optimum load capacity
- Full-extension undermount drawer guides with Smart Stop self-closing mechanism

\*All plywood components meet ANSI/HPVA HP-1 standards and may contain MDF or particleboard.
